Enrichir la vie des enfants!

Pre-Kindergarten at École John Wilson Elementary

Our Pre-Kindergarten program provides a rich learning environment and offers an early learning experience for children aged three and four who have been identified as having a special education need by a qualified professional. Our program is intended to provide early intervention to three and four year old children with severe disabilities and four year old children with mild/moderate language delays. Children attending our program are provided with educational play based activities designed to enhance communication, cognitive, emotional, social, creative and physical development in preparation for Kindergarten. For children who qualify, there is no cost to attend the program.

Our Pre-Kindergarten is a half-day program consisting of three or four days per week (Monday through Thursday). It begins in September and finishes at the end of June. A calendar will be shared once accepted into the program. Staff in our Pre-kindergarten include a certified teacher, an educational assistant and additional support provided by a Speech and Language Pathologist and Occupational Therapist.

When space permits, community students on our waitlist will be invited to attend Pre-Kindergarten, serving as communication and social peer partners. Community students will be required to pay tuition of \$200/month.

Please contact the school (403-227-3292) if you are interested in joining us next year or if you have any questions about the program.
